

OM LOGISTICS LTD.

Making Business Simple

(An ISO 9001: 2015, 14001: 2015 Certified Company)

SURFACE SERVICES

We believe change is vital. We change, innovate and customize our services.

With over 5000 dedicated fleet of vehicles with trained drivers plying every day, we cover 10 lakh kilometres (on an average) in the entire country. We are believed to be the best in catering to any transportation requirement across the country with fast, efficient and express logistics services.

Rendering to the needs of clients, we are engaged in offering reliable surface services with seamless connectivity through a dedicated fleet of trucks. The company has carved a niche in the field of surface services, making safe goods transportations from the doorstep to the desired destinations. We believe in maintaining transparency with an advanced track & trace system, which helps clients in maintaining the movement of goods. We have a large fleet of containerized trucks for handling perishable & sensitive goods. We provide tamper-proof transit with hassle-free documentation for all movements to any destination in India.

We offer economically efficient & time bound deliveries with our fully-integrated system for inter-city & intra-city destinations.
